- Have applied for support from a large funding sources (e.g., NSF, NIH)
- Other (please specify in text box below)

2nd Choice:

Open Education Resources

3rd Choice:

STEM

What recommendations would you make to scale-up or share your project more broadly (within an educational sector, or perhaps SUNY-wide)?

Target SUNY comprehensive colleges to support undergraduate (and graduate) education and research by:

1. Making them aware of the platform and sharing success stories from other campuses
2. Providing training and support to comprehensive college faculty/staff
3. Seek SUNY funds for basic infrastructure support/maintenance
4. Establish a consortium model where campuses who utilize the infrastructure contribute and receive support
5. Seek external funding

Do you intend to create an ongoing "Community of Practice" within the SUNY Learning Commons to continue work and dialog regarding this project?

Yes

Overall, how successful was IITG in meeting your project goals? (You may elaborate on your response in the final question if not addressed elsewhere.)

Extremely successful

We were successful with our collaborators and have begun to expand to other campuses.

Do you wish your current abstract to be used?

Yes
